WINDOWS

Plexiglass: Tinted or Clear

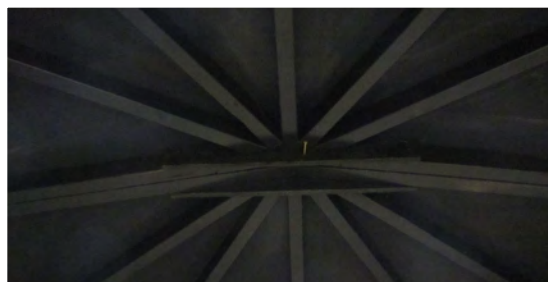

CARPET

- Carpet on floor and walls, up to windows
- Makes your blind very cozy and quiet

ROOF

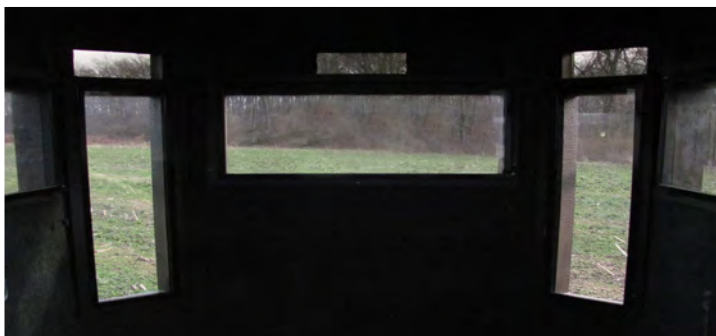

This blind has a two piece dome roof that gets screwed together on the inside to guarantee a waterproof roof for years to come.

We use a quality spray-on roof coating for noise-canceling, waterproofing, and durability.

Delivery Options:

1, 2, or 3

Ask us about our delivery and dropoff or setup options

1 DELIVERY AND DROP OFF

Delivery and Drop Off means we will deliver to you and you unload and setup.

2 EASY ACCESS

Easy Access means we can drive to the setup site with our pickup and trailer

- Edge of fields
- Good access roads

3 ROUGH ACCESS

Rough Access means we cannot drive to the setup site. We will unload from our trailer to a smaller trailer and your UTV, then take to setup site.

WARRANTY

If we deliver and set up your hunting blind, we will guarantee it against any manufacturing defect. Including roof leaking, tower structure, any functional options, and blow over for one year from the time of installation.

Warranty will be voided if:

- You move your hunting blind from original spot
- You fail to tighten the tie down ropes and stakes as needed
- Trees or branches fall and hit the hunting blind

ANNUAL MAINTENANCE

With proper maintenance your hunting blind should last a lifetime.

5 Easy steps to maintain your blind:

- 1 Check the tie down cables & anchors, tighten if necessary.
- 2 Check all of the ladder steps.
- 3 Check all lag bolts & screws, tighten if necessary.
- 4 Keep all trees and tree branches away from the hunting blind.
- 5 Enjoy your hunting for years to come.
